

# **HamptonRock Partners, LLC**

## **Business Continuity Plan**

### **Client Disclosure Statement**

HamptonRock Partners, LLC has developed a Business Continuity Plan (“BCP”) on how we will respond to events that significantly disrupt our business. Since the timing and impact of disasters and disruptions is unpredictable, we will have to be flexible in responding to actual events as they occur. With that in mind, we are providing you with this information on our BCP.

*Contacting Us* - If after a significant business disruption, you cannot contact us as you usually do at 214-251-8118 you should call our alternate number 214-251-8119 or go to [www.hamptonrock.com](http://www.hamptonrock.com).

*Our Business Continuity Plan* - We plan to quickly recover and resume business operations after a significant business disruption and respond by safeguarding our employees and property, making a financial and operational assessment, protecting the firm’s books and records, and allowing our customers to transact business. In short, our BCP is designed to permit our firm to resume operations as quickly as possible, given the scope and severity of the significant business disruption.

Our BCP addresses: data backup and recovery; all mission critical systems; financial and operational assessments; alternative communications with customers, employees, and regulators; alternate physical location of employees; critical suppliers, contractors, bank and counter-party impact; regulatory reporting; and assuring our customers prompt access to their funds and securities if we are unable to continue our business.

*Varying Disruptions* - Significant business disruptions can vary in their scope, such as only our firm, a single building housing our firm, the business district where our firm is located, the city where we are located, or the whole region. Within each of these areas, the severity of the disruption can also vary from minimal to severe. In a disruption to only our firm or a building housing our firm, we will transfer our operations to a local site when needed and expect to recover and resume business within 24 hours. In a disruption affecting our business district, city, or region, we will transfer our operations to a site outside of the affected area and recover and resume business within 48 hours. In either situation, we plan to continue in business, and notify you through our web site [www.hamptonrock.com](http://www.hamptonrock.com) or our customer emergency number, 214-251-8118. If the significant business disruption is so severe that it prevents us from remaining in business, we will assure our customer’s prompt access to their deal documentation.

*For more information* - If you have questions about our business continuity planning, you can contact us at 214-251-8118.

*This plan is subject to modification, an updated summary will be promptly posted on our web site and customers may alternatively obtain updated summaries by requesting a written copy by mail.*
